<b>INFORMATION FOR APPLICANTS</b>			
19.	Description of Assignment	<p>"DIGITAL PARENTAL CONTROL SOLUTION" will consist of both web application and mobile apps (android). The main objective of this application is to control and monitor children's internet and android device usage and activities. This solution is designed to meet the proper parenting guideline, to monitor and control children's digital activity on their mobile phones. This requires mobile application to be installed both on parents and child/children's device. Data extraction process starts after the login and verification process and everything is encrypted from the application end. Parents can monitor and control individual children's activity. Central admin panel can monitor and control user activity. The whole system serves the purpose of Parental Monitoring system. Total system will be divided into 3 major modules listed below:</p> <ol style="list-style-type: none"> <li>1. Parent Control</li> <li>2. Web Management</li> <li>3. Child Usage</li> </ol>
